

Good day to all our holiday guests!

A warm welcome from ATKV Klein-Kariba, here in the beautiful bushveld. We hope that you are just as excited for this short, well-deserved break as we are to welcome you to our resort. We will do our utmost to make this holiday an unforgettable experience for you, with the most precious memories.

Of course, the COVID pandemic is still in the background, and the safety of our guests and our staff is very important to us. All COVID protocols are in place and we want to appeal to you to follow these protocols. Please use the available sanitation stations to sanitise your hands regularly, maintain good social distances and wear your masks at all times. Please see to it that your children also comply with these protocols, so that we can guarantee a safe and healthy environment for them. Thanks in advance for your cooperation in this regard, and especially for your patience with the inconvenience that is sometimes caused by the implementation of these protocols.

Dandre and his team have put together a full programme, taking all COVID protocols into consideration. It promises to be great fun and to offer enjoyment for both young and old. Please share in the fun and use this opportunity to spend quality time with your loved ones. The best holiday and gift that you can give your children will be if you actively participate in the programme and play with them.

We are very proud of our beautiful resort and therefore want to request that you help us to take care of it, and keep it clean and tidy. Please report any defects to us so that we can attend to it immediately. To provide an unforgettable holiday experience to all our guests, we have to ask that you will familiarise yourself with the resort rules and that you please adhere to them.

Thank you very much for your loyal support and for choosing our resort as your preferred holiday destination.

Let the fun begin! On your marks, ready... enjoy!

Kind Klein-Kariba regards
